

PROJECT ENGINEER

JOB DESCRIPTION

ATLANTIC ENGINEERING SERVICES (AES) is seeking a full-time Project Engineer to support our growing team in Jacksonville, Florida. AES is an award-winning, full-service structural engineering firm with 35 years of experience. Our exceptional team is passionate about serving our clients and supporting the A/E/C community. Providing consulting services to a wide array of industries, professionals at the firm craft structures in which people live, learn, play, heal, worship, and more. As a Project Engineer, you will work directly with our clientele to design solutions for structures and to nurture existing client relationships.

DUTIES & RESPONSIBILITIES

- Design and detail solutions for new and existing structures that meet your clients' goals and that are code compliant, efficient, and thoroughly detailed
- Act as a Project Engineer on several projects simultaneously that can differ significantly in size, schedule, and complexity
- Develop strong client relationships and engage in smart, client-focused business development practices to maintain long-term business relationships
- Act as a team leader, communicating project requirements and expectations, working closely with others to achieve your projects' goals and schedules
- Responsibly balance available manpower and resources as required to meet your projects' goals and schedule

REQUIREMENTS & RECOMMENDATIONS

- PE or SE license
- 5+ years exhibiting growth in project management and technical expertise for structural engineering
- Competency in organizing and managing project teams to reach successful project conclusions
- Ability to develop and maintain client relationships and to communicate effectively with teams and clients
- Knowledge and experience with analytical software across multiple structural systems
- *Recommended* - BIM (Revit) Experience
- *Recommended* - Masters degree in engineering or equivalent program

BENEFITS

- Competitive compensation package that includes holiday and paid time off
- Employer assistance in purchasing company health and vision insurances
- Employer-paid long term disability insurance
- Employer-paid life insurance
- Voluntary Aflac dental and supplemental insurance policies
- Participation in self-directed 401K plan with matching

PERKS

- Hands-on training and support
- Advancement opportunities
- Financial advisement services for investments and retirement options
- Company trips and events
- Community outreach opportunities
- Flexible work environment - work from home options available

If interested, please send your resume to m.kaufman@aespj.com.
